First-class university, First-class discipline

In 1952, Shenyang University of Chemical Technology (SYUCT) came into being. After more than sixty years' construction and development, SYUCT has become an engineering-oriented institution of higher education. Featuring Chemical Engineering, it has a combination of disciplines of engineering, science, management, economics, humanities, law, medicine etc. SYUCT is the key construction university of "Double First-class University" (first-class university, first-class discipline) in Liaoning Province, and the national key construction university of "Basic Capacity Building Project in Central and Western Universities" (minor "211 Project").

About SYUCT 学校简介

SYUCT locates in the Shenyang Economic and Technology Development Zone. The campus covers an area of almost 250 acres, with a building area of more than 500,000 square meters. Blending academy, garden and art into one, it is one of the most beautiful campuses in Liaoning Province. At present, SYUCT has 25 colleges and departments, and has about 14,000 full-time students including undergraduates, postgraduates and overseas students. In addition, it has over 1,100 faculty and staff members, among which there are 5 Top National Scientists, one National Prominent Educator, 4 National Excellent Teachers, 15 National Outstanding Experts; one Top Scientist in Liaoning Province, 6 Outstanding Experts in Liaoning Province, and 17 Liaoning Province Prominent Educators.

SHENYANG UNIVERSITY OF CHEMICAL TECHNOLOGY

SINCE 1952

Disciplines 学科专业

SYUCT currently offers 57 undergraduate programs, 64 master programs of second-level disciplines and are qualified for jointly-cultivation PhD students in multiple disciplines. Chemical Engineering and Technology was selected as the "Double First-Class Disciplines" in Liaoning Province. Besides, 8 disciplines were selected as the "Key Disciplines" in Liaoning Province. The university has 37 laboratories and centers, including national and local joint engineering laboratories, national exemplary experimental teaching centers, provincial key laboratories, engineering technology centers, and new technology promotion centers. SYUCT is the leading unit of "Liaoning Fine Chemical Co-operation Center", "Liaoning Fine Chemical Industrial Technology Alliance", and "School-Enterprise Alliance of Petrochemical Industry".

Collaboration and Exchange 合作交流

SYUCT adheres to running the school with open mind. We now have established long-term friendly collaborative relations with more than 30 universities and research institutes, including the ones in England, America, Japan, Russia, Australia, Spain, Germany, etc. We have diversified collaboration in personnel training and scientific research.

INTERNATIONAL EDUCATION

Currently, there are nearly 400 international students from 30 countries all over the world studying in Shenyang University of Chemical Technology. SYUCT provides independent apartments for international students, in which there are kitchens, reading rooms, fitness rooms, billiards rooms, laundry and air drying rooms, etc. Meanwhile, each apartment is furnished with living utilities, including an independent bathroom, a heater, an air conditioner, and so on, which could meet the needs of the international students' daily life. Three large multi-storey restaurants and one Muslim restaurant provide rich delicacies for the students. SYUCT also has a multifunctional modern gymnasium, and multiple indoor and outdoor sport venues, which satisfies the teaching of P.E. courses such as soccer, basketball, volleyball, gymnastics, running, etc.

Moreover, SYUCT has a university hospital, an Employment Guidance Center, a Psychological Counseling Center, and more than 30 student organizations, including the International Student Association, which provide students with a full range of learning and life services.

International Education 国际教育

SYUCT offers 9 undergraduate programs with courses all teaching in English, including Chemical Engineering and Technology, Mechanical Engineering and Automation, Electrical Engineering and Automation, Computer Science and Technology, Software Engineering, International Economy and Trade, Pharmaceutical Engineering, Oil and Gas Transportation Engineering, Environmental Engineering, etc. It offers 13 graduate programs with courses all teaching in English, including Chemical Engineering and Technology, Applied Chemistry, Mechanical Engineering, Information and Communication Engineering, Computer Science and Technology, Pharmacy, Management Science and Engineering, Environmental Safety and Engineering, etc. Besides, all disciplines with courses teaching in Chinese accept overseas students.

Catalogue of Specialties for Full-time Undergraduate Enrollment

College	Specialty	Duration (Year)	Instruction Language	Tuition Fees (Yuan/Year)	Dormitory Fees (Yuan/Year/Double Room)
College of Chemical Engineering	Chemical Engineering and Technology	4	Chinese/English	14000/16000	6000
College of Information Engineering	Electrical Engineering and Automation	4	Chinese/English	14000/16000	6000

Other Fees 其他费用

Admission Fees 500.00 RMB

Physical Examination Fees 600.00 RMB

Insurance Fees 800.00 RMB

Note: According to the Ministry of Education's "Provisional Regulations on Higher Education for Foreign Students to Purchase Insurance" and the Ministry of Education, the Ministry of Foreign Affairs, and the Ministry of Public Security jointly formulated the "Rules for the Higher Education Recruiting and Cultivating International Students", all international students who study in China more than 6 months should purchase the insurance.

Residence Permission Fees 800.00 RMB

Entry Requirements 入学条件

Basic Requirement

The applicants should be non-Chinese citizen with the passport, good physical and mental health, no criminal record and financial ability to sponsor the expenses in China.

Basic Requirement

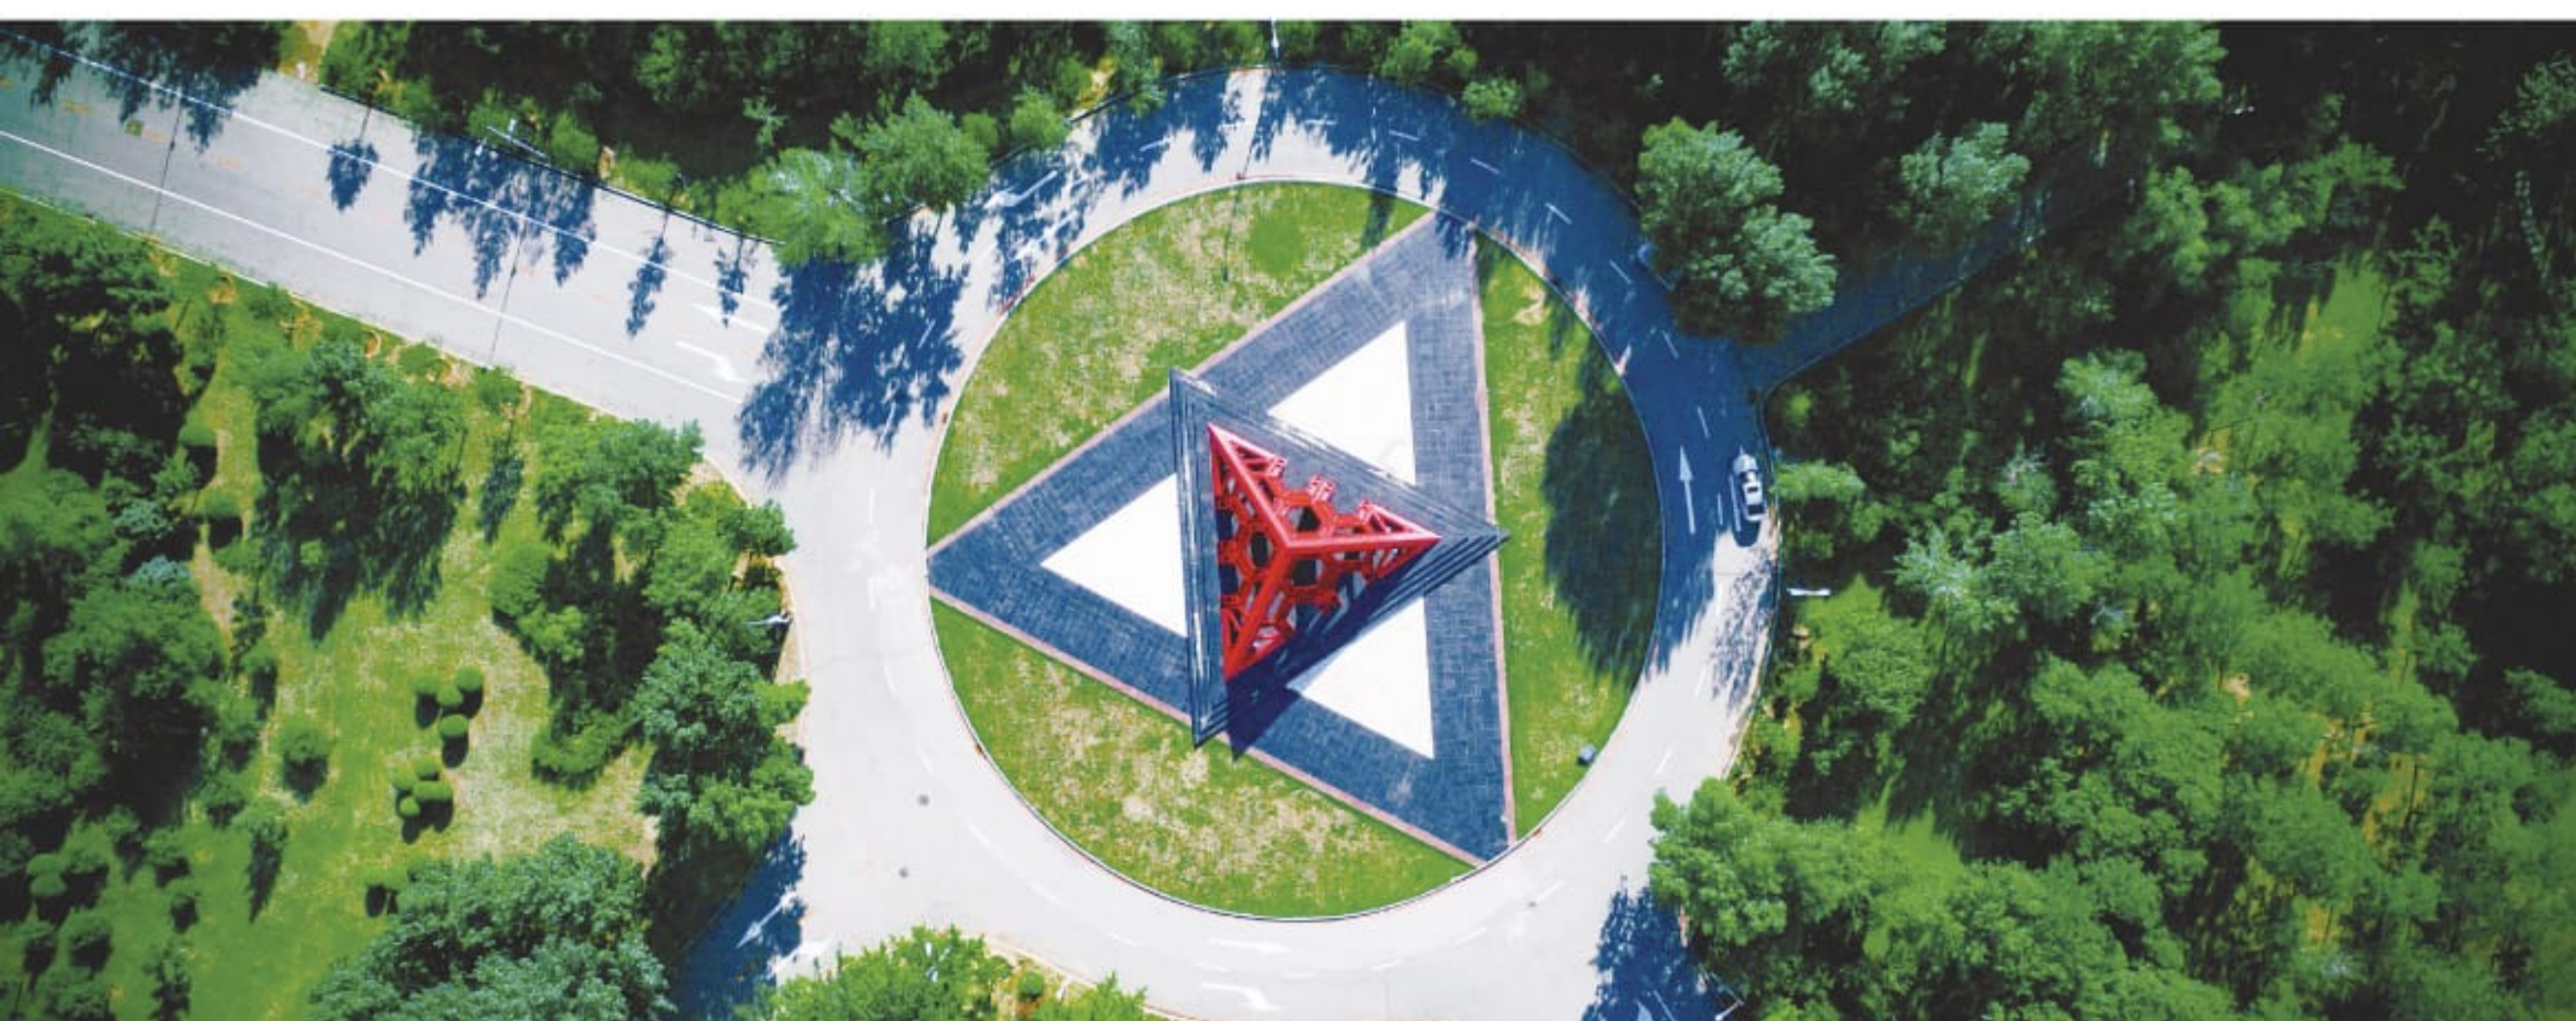

1. Age 18 years to 22 years old;
2. The passport must be valid for more than 12 months;
3. Highest academic qualifications and transcripts (non-English materials are required to provide certified Chinese/English translations);
4. Proof of recent work or proof of no criminal record (After graduation more than 12 months);
5. Other certificates or proofs (such as award certificates or scholarship certificates);
6. Physical Examination Form.

Undergraduate Student

1. Age 22 years old or younger;
2. The passport must be valid for more than 12 months;
3. Senior school diploma and transcripts (non-English materials are required to provide certified Chinese/English translations); For science and engineering programs, the scores of mathematics, physics, and chemistry subject should be C at the minimum or 65% at the minimum; For economics and management programs, the scores of mathematics subject should be C at the minimum or 65% at the minimum; For medicine programs, the scores of mathematics, physics, chemistry, and biology subjects should be C at the minimum or 65% at the minimum;
4. Proof of language proficiency Chinese teaching courses should provide HSK-4 certificate; English teaching courses should provide TOEFL scores of 60 at the minimum, IELTS scores of 5.0 at the minimum, or proof English as learning or working language;
5. Proof of recent work or proof of no criminal record (After graduation more than 12 months);
6. Other certificates or proofs (such as a certificate of award or a certificate of scholarship);
7. Physical Examination Form.

Master student

1. Age 35 years old at the maximum;
2. The passport must be valid for more than 12 months;
3. Undergraduate certificates and transcripts (non-English materials are required to provide certified Chinese/English translations);
4. Proof of language proficiency Chinese teaching courses should provide HSK-4 transcripts; English teaching courses should provide TOEFL scores of 80 at the minimum, IELTS scores of 6.0 at the minimum, or proof of English as learning or working language;
5. Research plan (Chinese / English, 1500 words);
6. Two recommendation letters (recommendation letter must have the signature of professor or associate professor);
7. Proof of recent work or proof of no criminal record (After graduation more than 12 months);
8. Other certificates or proofs (such as certificate of award, certificate of scholarship, publication);
9. Physical Examination Form.

Admission Period 申请时间

Semester	Semester Period	Admission Open Date	Admission Close Date
September Intake	September to January next year	Mar.15	Jul.15
March Intake	March to July	Oct.15	Jan.15

Scholarship Programs 奖学金项目

SYUCT University Scholarship Programs			
Scholarship Types	Students Types	Period	Scholarship Details
SYUCT Entry Scholarship	Undergraduate	4years	Full Scholarship Free Tuition Fees and Dormitory Fees
Chinese Language Scholarship	Undergraduate	3years	10% Tuition Fees waiver
	Pre-University Course for Chinese Language	1 year	
	Postgraduate	2 year	

More information go to <http://ies.syuct.edu.cn>

Admission Procedure 申请流程

Online Application

The applicant logs in the online application website <http://admission.syuct.edu.cn> to register the account and fill in the information, then submits the application;

Admission Materials

After the application materials are qualified, the school will prepare the Admission Notice, Offer letter and the Visa Application Form for Study in China (JW201/202 Form) and other visa supporting materials within 2 weeks and send by courier;

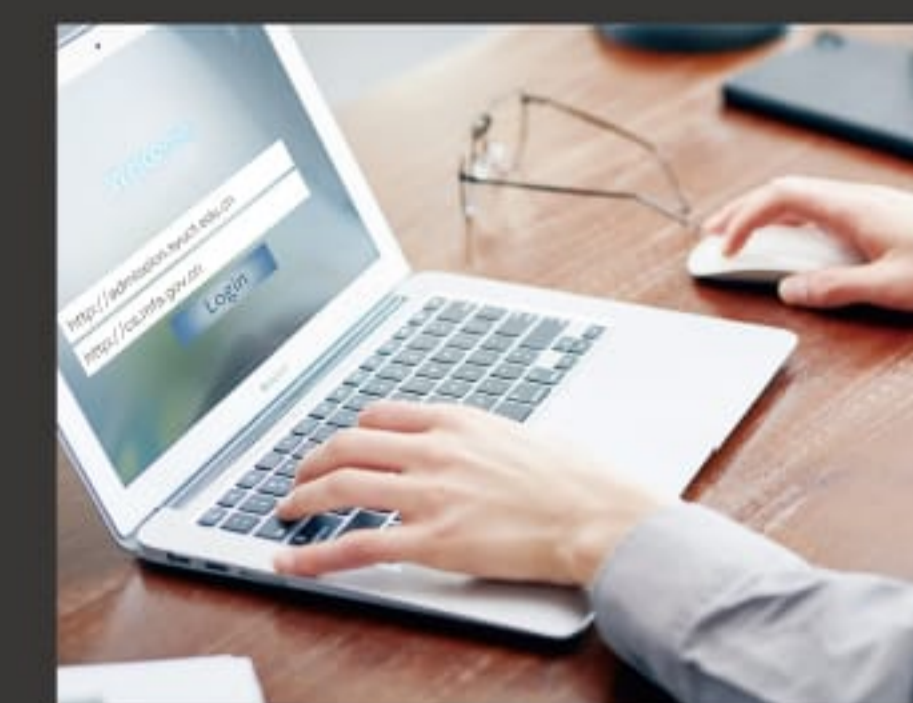

Apply for the Entry Visa

The applicants apply for the entry visa to study in China with the Admission Notice, Offer letter, the Visa Application Form for Study in China (JW201/202) and other visa supporting materials. The study period is more than 180 days should apply for X1 Visa; the study period is less than 180 days should apply for an X2 visa;

For questions regarding the visas to China, please visit the China Consular Service Network at <http://cs.mfa.gov.cn>

Registration 注册报到

The students should register with the Admission Notice, Offer letter and the Visa Application Form for Study in China (JW201/202 Form), and the original application materials to the school by the time on the Admission Notice. Any delayed registration without the permission of the school will be postponed to the next semester/academic year.
